

# 2017

**Hundreds of Volunteers, Lots of Events and amazing members!  
#youarethebest**

What happened last year? You did! We received the Grant from Seed Savers that children and adults planted and then harvested. So many projects were accomplished: Timberland helped us repurposed brick walkway in the garden, TD Bank and the Music Hall Volunteers dipped shingles and cleaned out and organized a large container in the Nature Trail, the original 1896 homestead got new clapboards on one side, the Apple Barn was cleaned out, organized and painted, the upstairs of the shop cleaned, our own used haying equipment bought thanks to Dennis Munson generously donating a tractor which we then raffled (congrats Kori Eklund ) and president Tom Raitt going to get the equipment, we got to meet Tyler Cadorette from WMTW Channel 8 during the Tractor Show ( thank you!), the screen house was fixed and repainted, people donated a few tractors to the Farm Museum, and so much more. The events were a blast from the crazy popular Hops N Hounds, Vintage Bazaar, Thunderama Vintage Car Show, Last Bash and Tractor Show of course. And the most incredible accomplishment was the ability to pay almost half of the Loan off so we can continue our mission of educating children and future generations about farming history. And that is thanks to the generosity of partners, members and volunteers like yourself who came to the events and/or volunteered! THANK YOU!! Now lets see what we can accomplish in 2018! #foreverthankful #membersrock #grateful
